HOW WE BECAME WHO WE ARE

From the past straight to the future. The KNAUS SCHWALBENNEST made holiday dreams a reality over 50 years ago. With the VW Beetle and 34 HP it used to go over the Brenner Pass straight to Italy. Today we show with the CARAVISIO what caravanning could look like in the future. And of course without forgetting our roots in the process. With the KNAUS SÜDWIND, one of the first models in our company's history, still featured in the range. With the latest technology and plenty of tradition.

1960

The success story begins. Helmut Knaus founds KNAUS in the Franconian town of Marktbreit.

1961

Our first milestone. The legendary Schwalbennest goes into serial production and makes holiday dreams reality.

1985

A company growing fast. The KNAUS Schwalben change their flight path. Business rises sharply.

2010

50 years have passed. KNAUS has become one of the most successful manufacturers of leisure vehicles.

1962

The icon is born. The KNAUS SÜDWIND celebrates its premiere at the Caravan Salon in Düsseldorf.

1970

Time for increased capacities and new headquarters. Our main factory in Jandelsbrunn is established.

1973

The reward for his courage and pioneering spirit. Helmut Knaus receives the Federal Cross of Merit.

1982

We are celebrating a major anniversary. The 125,000th Schwalbennest rolls of the assembly line in Jandelsbrunn.

2011

The Schwalbennest makes a return. Limited to 150 models, our little space wizard is sold out immediately.

2013

From the past back to the future. With the CARAVISIO we present the caravan for tomorrow.

2015

The revolutionary Caravan study TRAVELINO shows future possibilities in lightweight construction.

2016

Our vision becomes reality. The TRAVELINO and its revolutionary bodywork technology are ready for series production.

RECIPE FOR SUCCESS

For the KNAUS brand, freedom is the balance of design and function for all our products. Because a wonderful detail is of no use if the function suffers as a result. That is why it is our ultimate aim to combine both worlds to make the very best. With traditional Lower Bavarian craftsmanship, high-quality materials and plenty of passion. And so that it remains that way too, we work day in day out at full speed on trendsetting, new solutions for the most enjoyable and independent way to travel. Studies like the CARAVISIO and also the TRAVELINO show: not only do we have the drive to look for new directions, but also the courage to follow them.

OUR BRAND VALUES

People and their needs are at the focus of our efforts – because the KNAUS brand stands for the perfect balance of contemporary design and reliable function. We are committed to providing our customers with the ultimate quality. That is why we continually work on improving our products and processes. The symbiosis of industrial perfection and passionate innovation has taken us to the top of the industry and our love for caravans ensures that we will stay there too.

OUR IDEA FACTORIES

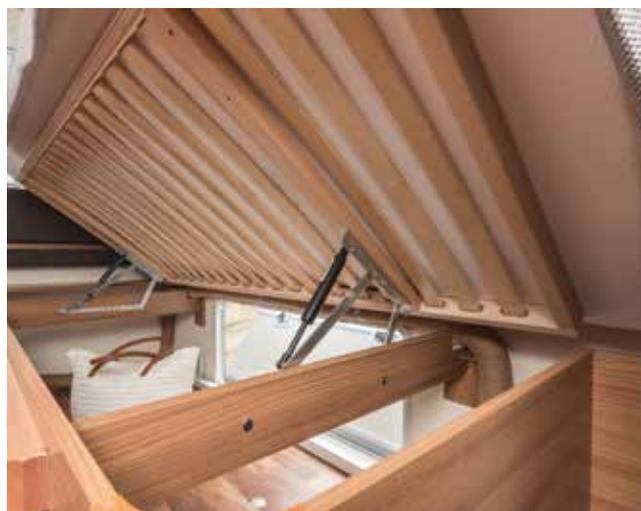

We invest in our factories. And above all in our employees. We have set up two ultra-modern production sites: one in Jandelsbrunn in Lower Bavaria and one in Nagyoroszi in Hungary. We employ over 1,500 people, many of whom have already been with us for over 30 years. This is because they enjoy the best conditions with us, they can get further training and we pay them more than fairly.

SIMPLY BEAUTIFUL TO LOOK AT

Whether it is atmospheric ambient lighting, elegant and high-quality cabinetry, the well-placed windows, or perfectly finished leather texture foil. It is the many small and big details that provide a wonderful feeling of space and make a KNAUS caravan so special overall.

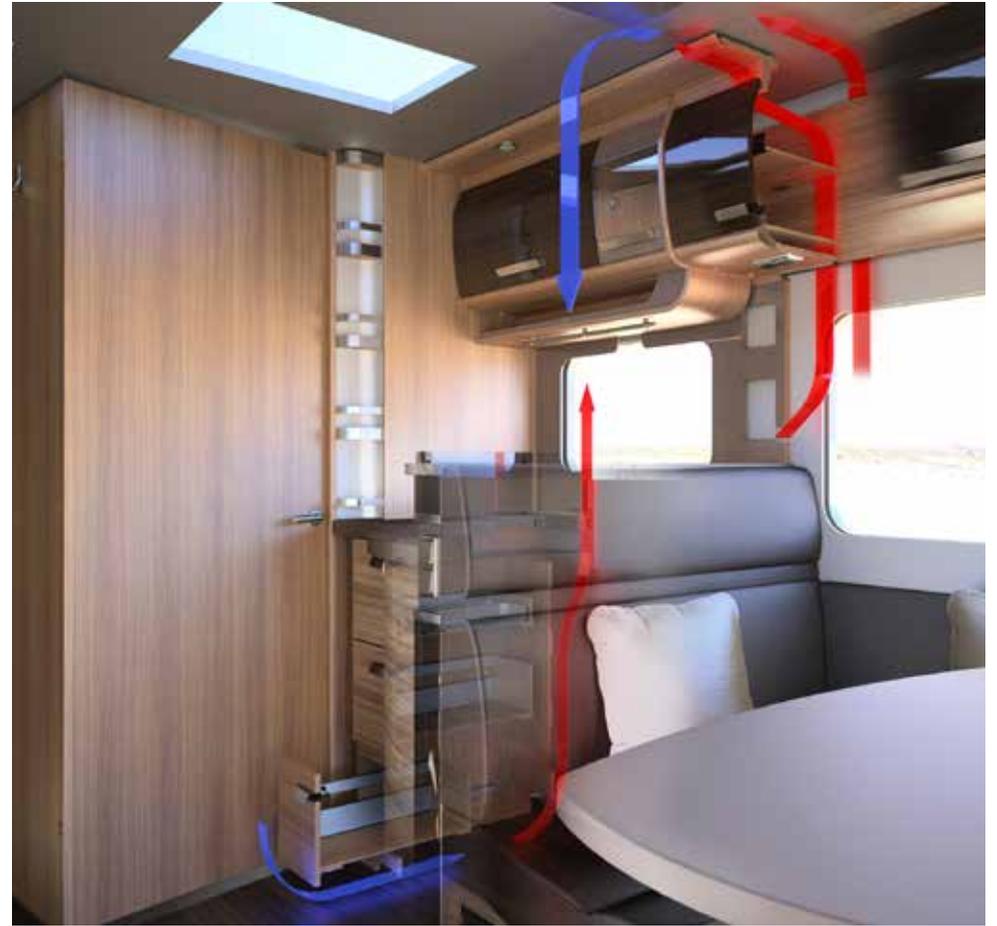

AND AT THE SAME TIME FUNCTIONAL

The new KNAUS Caravan is perfectly suited for holiday travel. When designing our drawers and compartments we pay particular attention that the storage space underneath the beds is always accessible and a small LED has been installed in the wardrobe so that you can always find what you are looking for.

FEEL WONDER- FULLY GOOD

Who says that a caravan cannot be a lounge? Not only are we always on the lookout for innovative living concepts, we also put them into practice. And so that you are able to enjoy your holiday wonderfully rested, we fit our excellent 5-zone comfort cold-foam mattresses in every KNAUS caravan.

THANKS TO THE BEST FINISHING

We are the measure of all things – especially when it comes to cabinetry. Because in our own joiner's workshop, furniture are made with perfect rear ventilation, in an elaborate integral design with hidden cable routing and extremely sturdy dowelling technology. Your KNAUS caravan is thus prepared for many years of holiday adventures.

FROM THE IDEA TO KNAUS

01. IDEA + OUTLINES

What kind of holiday do you want?
An ultra-light caravan or something big and luxurious?

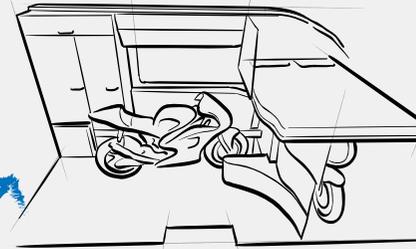

02. ANALYSIS

For whom is it intended? After all, you should end up with the vehicle that you want.

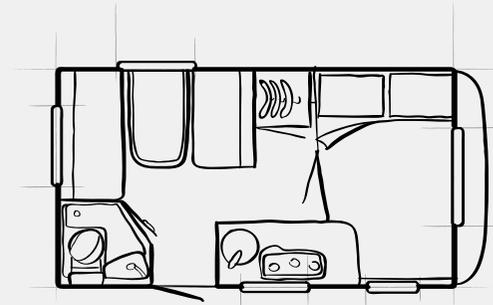

03. DECIDING ON KEY FEATURES

Is the focus on design or are motorbikes going to be transported? What must it be able to do?

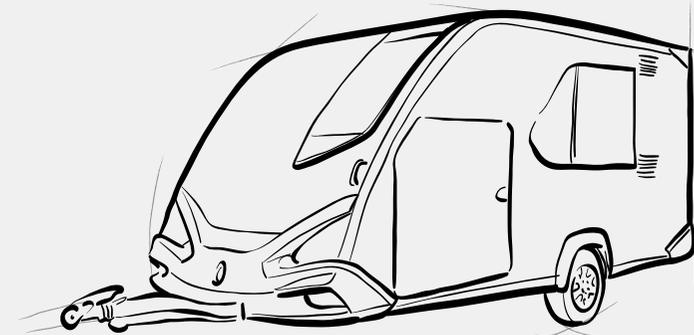

04. FLOOR PLAN DEFINITION

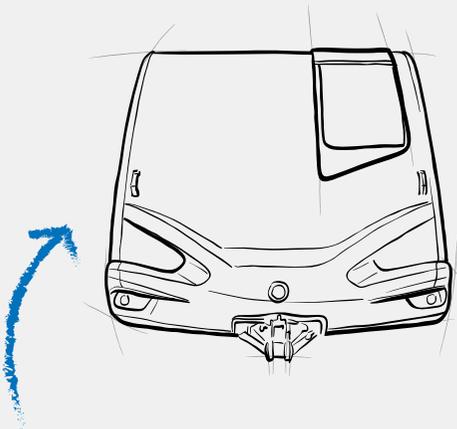

Here we clarify which versions are offered. A Family floor plan or the perfect space for two people?

05. EXTERIOR AND INTERIOR DESIGN

Classic or modern and outlandish? What is important is that you like it. What is certain: it should be attractive.

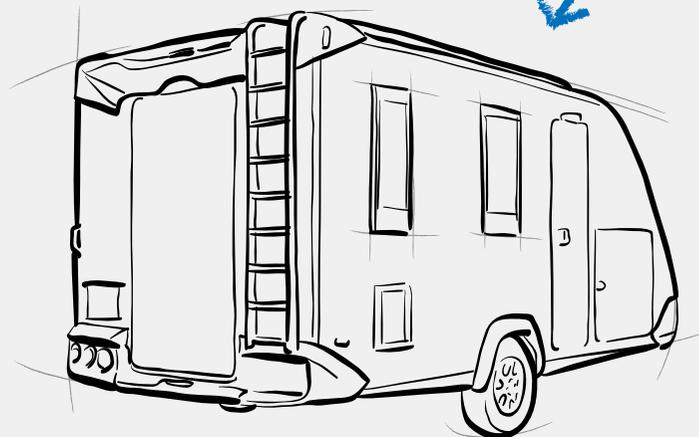

06. PROTOTYPE

The idea takes a tangible shape for the first time. An initial prototype is created in the development department.

07. PILOT SERIES

The first units roll off the line and are closely inspected. A new model is always a challenge.

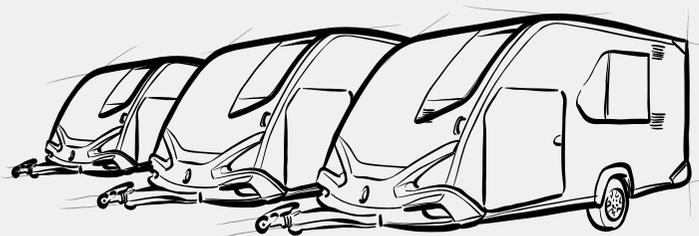

10. HANDOVER TO THE CUSTOMER

Our new model has reached its destination and is best prepared for many years of dream holidays.

08. SERIES PRODUCTION

All tests passed. This is where it really starts. The new caravans will soon be going on holiday.

09. DELIVERY TO CONTRACTING PARTNERS

The last stage before the happy new owners. Our dealers take delivery of the caravans.

11. FACTORY TOUR

Would you like to witness live and on site how a KNAUS caravan is made? Find out more at www.knaus.de/knaus/werksfuehrung or simply scan this QR code.

OUR STRONG PARTNERS

Outstanding caravans deserve an outstanding dealer and workshop network. And that is what we have. With strong partners in 23 countries and even beyond, we make sure that you are best looked after at all times.

DESEO

OUR LOAD MASTER

Paragliding, windsurfing, motorsports or simply just oversized baggage. The KNAUS DESEO TRANSPORT is your personal heavy lifter for any challenge. And it is astonishingly inexpensive. With its modular construction, it perfectly adapts to all of your needs. Whether solely as a packhorse or a full-fledged caravan. You only pay for the things you really need.

TOP REASONS

- + Big rear lid
- + Sporty frame appearance
- + Low loading sill
- + For up to 4 people
- + Sturdy and easy to clean
- + Modular interior concept

RECTANGULAR

Now in a brand new design with robust moulded parts in original KNAUS blue. Our DESEO. Our genuine storage space wizard with corners and edges. Even if most of them are actually round.

ROBUST

Elegant and practical. The sturdy ABS moulded parts in original KNAUS blue.

INVITING

Wide tailgate, practical access ramp and room for up to two motorbikes.

PRACTICAL

The bow storage locker with room for everything that you like to have with you on your travels.

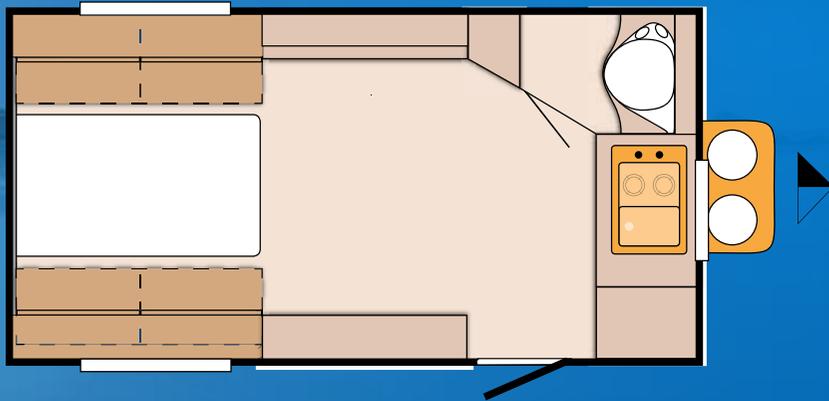

LONG-LASTING

The hot-dip galvanised chassis is ideally protected against corrosion and ready for many adventures.

VERSATILE

This caravan is a real heavy lifter. If you decide to purchase the DESEO TRANSPORT, you will always have up to 8 cubic metres of storage space along for the ride. For example, for two motorcycles.

DESEO 400 TRANSPORT . ACTIVE ROCK

YOUR NEW BASE CAMP

The KNAUS DESEO is the adventurer of caravans. Pack the paraglider and drive off to the mountain. Has it been raining for days and created a real mudbath on the car park? No problem. The DESEO is not afraid of a bit of dirt.

CONVERTIBLE

From a hot oven to a warm meal in just a few minutes. Only the KNAUS DESEO can do that.

CENTRAL

With the DESEO's heating control unit, you will really be able to turn up the heat in the truest sense of the word.

PRACTICAL

If the seating group is not needed, it easily disappears in the side sections. In this way the full interior width remains usable as storage space and you have room for motorbikes, paragliders, surfing equipment and the like.

PROVIDED

In the KNAUS DESEO, not only is there room for your sports equipment, but naturally also everything you need on your travels. For these things, a spacious wardrobe and useful wall units are at your disposal.

DESEO COOKING

DELUXE FIREPLACE

Even eating Ravioli for three days that has been prepared in the shaky camping cooker will fill you up, but that is really not the best solution. For this reason, KNAUS DESEO offers a kitchen unit to make any rustic camping holiday more pleasurable. And because of the integrated sink and large storage space, you have everything you need.

HOT

Certainly the KNAUS DESEO is not about luxury, but being able to cook pasta and sauce on the practical 2-burner stove at the same time is a certain convenience that you definitely would no longer want to go without.

WELLNESS OASIS FOR ADVENTURERS

Regardless of where you are travelling, you always have your own personal refuge with you. The KNAUS DESEO has a comfortable toilet cubicle because this makes it easier to be independent. The main reason we built it was for places without conveniences.

CLEVER

Every corner optimally utilised. The bathroom holds enough space for everything a man needs on his travels. And even if a woman joins him on the journey, the DESEO still has plenty in reserve.

DESEO SLEEPING

SLEEPING MAT WAS YESTERDAY

You can never have enough space, and certainly never enough berths. Would you have thought that two motorcycles and two people could sleep at the same time in such a compact caravan? The optional lift-up bed makes it possible. And unloaded, four people even have room on two times 200 x 140 cm.

LARGE FLAP

Naturally motorbikes can also be taken on your travels. Thanks to the lashing rings countersunk in the floor and the sturdy holding device, they are securely held in place and at the same time enjoy superb travel comfort. Your sports equipment cannot be transported more comfortably.

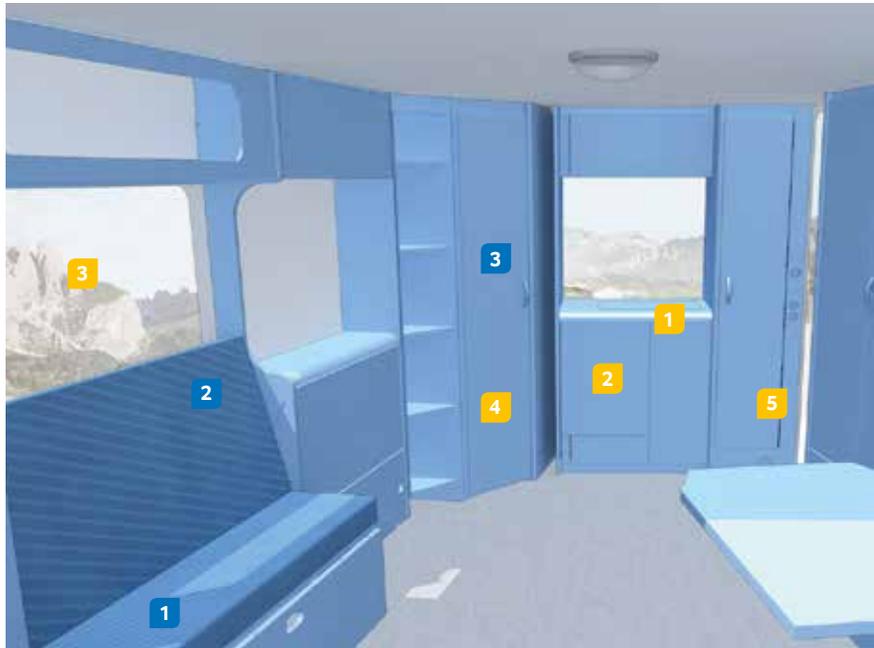

SECURE

50 % mobile home. 50 % transporter. And yet no half measures. The guide rails are attached to the vehicle floor and, together with the lashing rings, make a professional loading system. This is exactly how it has to be.

FANTASTIC

The folding table disappears in the cupboard in no time. And above it there is additional room for clothes. Even at the risk of repeating ourselves: the DESEO is simply a genuine space wizard.

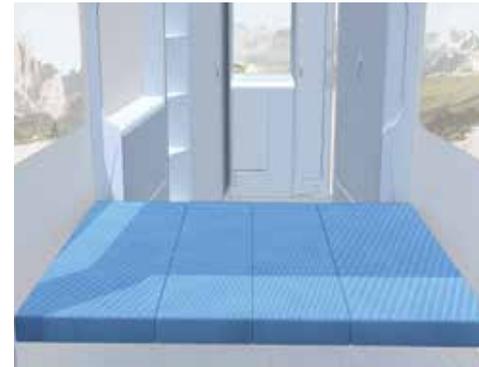

A look into the KNAUS DESEO 400 TRANSPORT.
From the rear flap towards the drawbar.

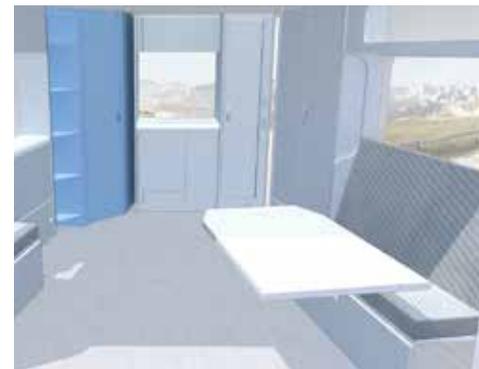

DESEO 400 TRANSPORT

The usage options for the KNAUS DESEO 400 TRANSPORT are almost unlimited. Good that we have the suitable fitting details available.
You don't really need a heater when you are underway in midsummer.
Why pay for it then?

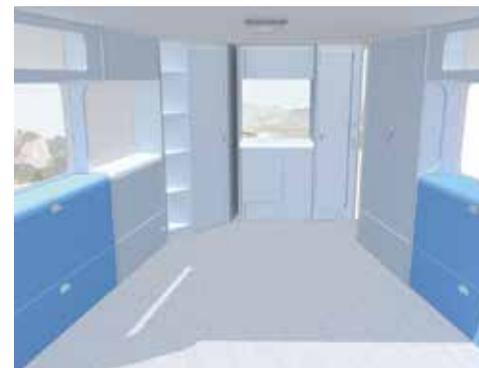

DESEO 400 TRANSPORT BASIC MODULE

1 Lounge bed. The 3 seating corner becomes a lounge.

2 Toi-Room. Separate toilet cubicle with bench toilet.

3 Seating group. Stowed in the side box in no time at all.

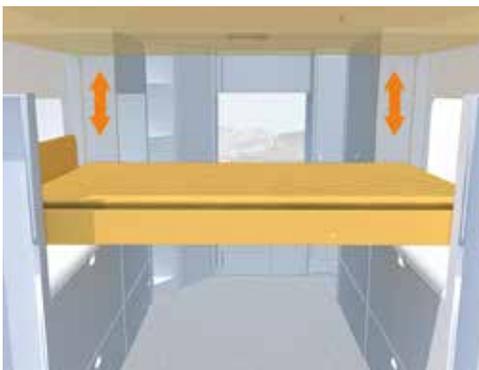

DESEO 400 TRANSPORT ADDITIONAL MODULES

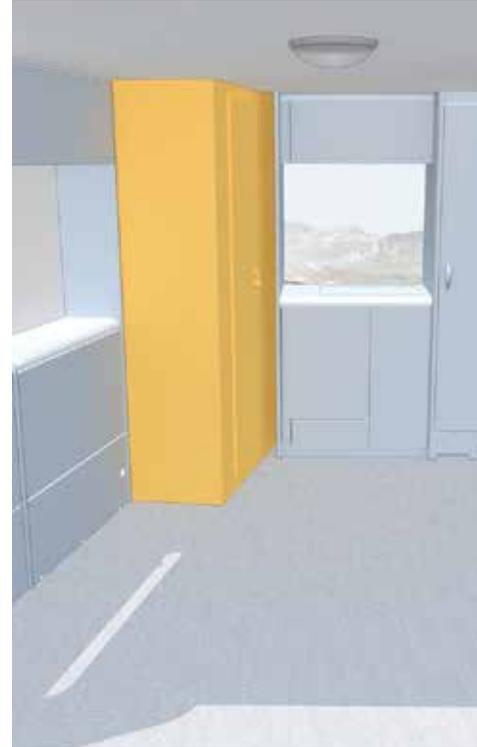

1 Kitchen. Refrigerator, 2 sink, cooker, 15 l fresh water tank.

2 Refrigerator. With 60 l volume and freezer compartment.

3 Lowerable bed. With comfortable crank operation.

4 Bathroom. Separate toilet cubicle with shower option.

5 Heating. Suitable for Winter tours.

SPORT&FUN

OUR LIFESTYLE LOADER

The legendary KNAUS SPORT&FUN is back. And better than ever before. Because our dynamic Lifestyle load master combines the best of two worlds. Progressive design and an unbelievable amount of room for plenty of action. Rear door open, bikes in, camping equipment into the huge bow compartment and off you go. Wherever you want and for as long as you like. The SPORT&FUN is the extreme sports athlete of caravans.

TOP FEATURES

- + 920 mm wide rear door
- + Roof rails
- + Huge garage at front
- + Height-adjustable bed (optional)
- + Sporty, striking design
- + Roof load up to 75 kg

POPULAR

One of the very few caravans with a committed fan community. And we believe that a lot more will join with this fantastic new edition.

HUGE

The rear door. Almost a metre wide and super practical.

HIGH CAPACITY

Thanks to ladder and roof rails, 75 kg of luggage can go on the roof.

FLEXIBLE

The entrance divided in two is simply wonderfully practical.

ELEGANT

The characteristic moulded parts on the bow and rear.

SPACIOUS

The bow compartment with a door 1 metre wide for easy loading.

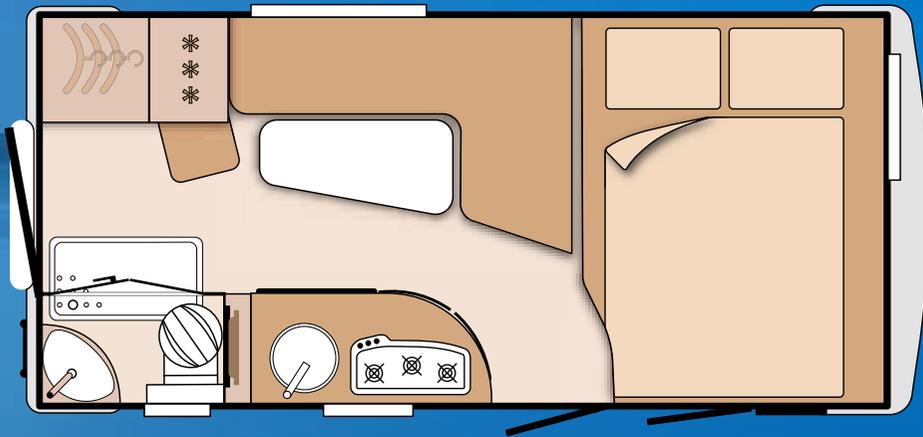

STYLISH

Many windows for plenty of natural light and fresh air.

VERSATILE

Just one floor plan. But it is more versatile than any other. Be it a stylish holiday companion or practical storage space wizard. The KNAUS SPORT&FUN can be both.

HOLIDAY ON A PLATE

Holidays make you hungry and cooking in the SPORT&FUN is a lot of fun. With the large refrigerator, robust CPL work surfaces, 3-hob stove and practical sink, it provides you with a full-fledged kitchen. And incidentally, this caravan also has room for two hot ovens.

HOT

When we talk about being full-fledged, we mean it too. Our proof: the large 3-hob stove.

PRACTICAL

We turn every corner into a storage space so that you can easily fit everything in.

COLD

Such a big refrigerator in such a compact caravan? Well, if that isn't a master stroke.

NO PROBLEM

SPORT&FUN 480 QL . PETROL FUN

PRACTICAL

Hammocks are usually something for people. It looks quite different in this one, however. Here, t-shirts, laptops and everything that would otherwise be strewn everywhere, feel right at home.

CLEVER

How do you build a genuine space wizard? Quite easily. With intelligent solutions and high-quality materials. The round shape of the seating group allows a storage shelf to be integrated, which at the same time is also a bedside table.

UP AND DOWN TIME AFTER TIME

That is precisely what is special about this bed. It can be folded up. Depending on whether how much room is needed in the bow compartment underneath it. But naturally the bed itself is also really good. Our excellent 5-zone comfort cold-foam mattress makes sure of that.

SPORT&FUN 480 QL . PETROL FUN

AND NOW BRING ON THE WATER

A full-fledged bathroom including shower (optional) in such a compact caravan, which still provides an unbelievable amount of storage space, is not at all easy. But we have managed it. With masterful cabinetry skills and really good ideas. This is KNAUS – a balance between function and design.

INGENIOUS

When there is really no room for a shower (optional), then you just have to make some. The pull-out shower tray and the shower curtain with a rail at the top are further highlights of our absolute space wizard.

2 MOTORCYCLES
+ 2 PEOPLE?
NO PROBLEM

SIMPLY BRILLIANT

Although the SPORT&FUN is an absolutely full-fledged caravan, it can easily take two motorbikes or alternatively a great deal of luggage on your travels. The fold-up bed not only makes it possible, it's also child's play.

PRACTICAL

The cube creates an extra seat including additional storage space. Regardless of where you need it.

SAFE

Simply anchor the guide rail in the vehicle base, load the motorcycle and tie it down using the eyelets in the floor. Done.

OUR MULTI TALENT

Romantic evenings together or an action-packed time at the seaside with the family. The KNAUS SPORT simply provides added value. We invested everything during its development to attain the maximum for you. And it was worth it, because the low weight of all the models allows it to cope with additional load and is therefore also perfectly suitable for smaller towing vehicles. In a nutshell: An excellent low price alternative for all holiday situations.

TOP REASONS

- + Caravan of the year 2016
- + Persuasive options
- + For up to 7 persons
- + Huge variety of floor plans
- + Excellent price-performance ratio
- + Cat's eye back lights

HIGH QUALITY

The starting price of many caravans is reflected in the vehicle's limitations. Not with this one. The KNAUS SPORT includes everything that has made its big brother so successful for many years.

1

STYLISH

The cat's eye back lights in the unmistakable KNAUS optic.

2

CONJURE FANTASTIC MEALS

The kitchen in the KNAUS SPORT can be best described in two words: impressively full-fledged. We really have done everything so that you can peel, chop and stir with passion and, of course, not let anything burn.

STABLE

The wide drawers glide out smoothly. Nothing rattles, nothing wobbles.

FRESH

The 109-litre refrigerator can be powered by either electricity or gas. And optionally even while travelling.

HIGH QUALITY

Two-part storage unit flaps with elegant metal handles and lovely appearance.

HOT

The high-quality 3-hob stove even holds large pans with ease. This is exactly how it should be.

SLEEP IN A GOOD NEIGHBOURHOOD

Deep sleep naturally demands a high-quality dream landscape. And this is the case in the KNAUS SPORT. You always lie in the right position on the 5-zone comfort cold-foam mattress. The reading lamps can be positioned as you wish and the soft head piece in leather optic is a pleasure to look at.

CLEVER

What use is storage space if it is difficult to get to? Be it from outside or inside. In the SPORT everything is always ideally accessible. The large outside flap and the folding slatted frame on the single beds ensure this.

ELABORATE

In the bedroom it is all about creating a cosy atmosphere, which is why we have lined the walls with foam, covered them with imitation leather and given them an ideal finish. This not only looks great, it feels great too.

BED OPTIONS

HIGH

Normal beds are boring. You can neither climb up nor argue about who sleeps on top.

NICE

The three quarter bed saves space to the benefit of the rest of the floor plan.

HUGE

Here is plenty of space for moving around and for little visitors from the bunk bed.

With the LIFESTYLE, we consistently branch out in new directions. This is how this caravan became an urban loft with a modern and minimalist design. And all in tried-and-tested KNAUS quality of course.

HOT

Unassuming and reliable. Even in the LIFESTYLE, not everything has to be somewhat outlandish.

PRACTICAL

The extra-deep sink in the kitchen island even takes on large pots.

FANTASTIC

Who wants a dining table when they can have a large counter with bar stools? Especially when it is so spacious and practical. Because underneath the seat bench, there is not only a spacious storage compartment, but also a step for the little ones.

ADVENTUROUS

Even the wildest tearaways fall peacefully into bed in here. Whether you also want to go to bed is another question. In any case, the separate lighting helps against evil monsters.

ATMOSPHERIC

What would a stylish loft be without the lighting to match? Only half as attractive in any case. This is why we have additional ambient lighting on the wall units, in the swallows nests and behind the curtains.

PRACTICAL

In the swallows nests above the bunk bed there is room for everything that makes your holiday a little bit nicer: Interesting books, funny comics or a tablet, so you can play secretly under the covers.

STRETCH OUT AND GO TO SLEEP

Sleeping in the KNAUS LIFESTYLE is just great. On gigantic 212 x 160 cm you will find a good night's sleep and also certainly the strength for many new holiday adventures . We have simply thought of everything so, just for once, you don't have to worry about anything and can just relax.

LIFESTYLE 550 LK . PETROL

WELLNESS BATHROOM

The daily freshness kick for motivated holidaymakers awaits you in the LIFESTYLE. High-quality materials, plenty of storage space and the large washstand are ready for all aspects of daily life. We can't guarantee that cleaning your teeth is more fun than at home, but we have done everything that it could be.

INGENIOUS

Thanks to the high-end shower hose, the bathroom turns into a spacious shower cubicle in no time.

CONVENIENT

Naturally also in the LIFESTYLE: our high-quality, rotating cassette toilet. Sounds good, doesn't it?

SÜDWIND

OUR CARAVAN ICON

For over 50 years, KNAUS SÜDWIND has been representing quality work. Massive aluminium profile and furniture in integral construction with optimal rear ventilation ensure the exemplary quality. What more could we improve on here? Nothing, really. But we've done it anyway. With the new flooring in exquisite yacht optic, elegant inlays in pearly white surfaces with cross-grid pattern and the light, friendly wooden décor in the new SÜDWIND are the most beautiful that we've ever had. Even if the process was not all that easy.

TOP FEATURES

- + Furniture in integral design
- + Flooring in yacht optic
- + LED cat's eye hybrid lighting
- + New interior design
- + GRP roof as standard
- + Soft-close drawers

HIGH QUALITY

Although the KNAUS SÜDWIND has been around for over 50 years, you can't tell from looking at it of course. You sense it, however, from the excellent finishing and first-class longevity.

1

STABLE

Protects the structure, increases the stability. The Pro.Tec frame.

2

STYLISH

The KNAUS Cat-Eye hybrid rear lights with LED technology.

3

ROBUST

The standard GRP roof is particularly hail-proof.

4

REASSURING

High-quality locking system with sturdy locking mechanism.

5

SAFE

Play it safe with the AKS track stabiliser.

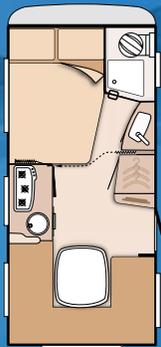

6

ATTRACTIVE

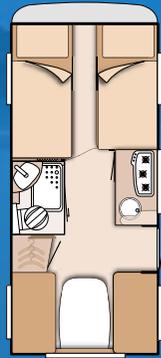

Looks really good. The elegant tow bar cladding.

VERSATILE

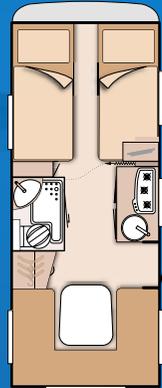

The SÜDWIND is our absolute best-seller. No wonder, with 14 floor plan options. From a compact body length of four metres to an enormous seven metres fifty, there is something for everyone.

KNAUS INSIGHT

Patricia Wilhelm – KNAUS Marketing Assistant
As a child, I often travelled with my parents in a SÜDWIND. That I am now able to complete my apprenticeship at KNAUS, is of course wonderful. When I see one of our vehicles, I reminisce about the exciting and wonderful trips our family took.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS SÜDWIND at www.knaus.de/suedwind or simply scan this QR code.

STORM OUTSIDE, SÜDWIND INSIDE

The KNAUS SÜDWIND has always been the benchmark in terms of high value. Elaborately constructed furniture in an integrated design with optimal rear ventilation ensures a pleasant indoor climate in any weather and it looks great too. This is the perfect balance of function and design.

ELABORATE

The double-panel furniture design with solid wood profiles and stable side walls.

CENTRAL

From here, you can easily control the optional ALDE hot water heater.

SMART

The ample storage space underneath the seats has been replaced by practical drawers and therefore is very accessible.

ELEGANT

The corner cupboard with round edges and pivotable flat-screen TV.

COMFORTABLE

High-quality furniture in integral design with ideal rear ventilation for a comfortable room climate. In addition, wonderfully comfortable seat cushions. This is the perfect symbiosis of function and design.

KITCHEN OPTION

SÜDWIND 460 EU

ORGANISED

With equally refined and practical details and cabinetry made by experts, we create a particularly large work surface. High-quality taps and elegant metal handles please the eye.

ROBUST

As large as possible. Nice to look at. And ready for many years of peeling, cutting and rinsing. This is the elegantly designed anthracite-coloured counter top in the KNAUS SÜDWIND. Even the details are important. And we focus on them.

DEEP

Large pots? No problem. The extra-deep stainless-steel sink takes on any opponent.

PRACTICAL

Pot and pan have room together on the large 3-hob stove. This saves a lot of time.

CONJURE UP IN THE CHEF'S KITCHEN

Here, highest expectations meet good taste. The large countertop in the KNAUS SÜDWIND with its extra-wide soft-close drawers allows you to cook with passion instead of necessity.

MERELY CONVENIENT IS TOO LITTLE FOR US

You can have a lovely rest in the KNAUS SÜDWIND. The head and side pieces have super soft lamination and are covered perfectly. If you need a third reading lamp, just take one from the front and fix it into the rail above the bed.

WONDERFUL

Absolutely breathtaking appearance and very practical as well. The new head piece with ambient lighting can easily be removed. That ensures an extended sleeping area and, of course, a good night's rest.

COMFORTABLE

The excellent KNAUS 5-zone comfort cold-foam mattresses are among the best that you will find in a caravan. And because we know how important a good night's sleep is, we have naturally also fitted them in your new SÜDWIND.

BED OPTIONS

SÜDWIND 500 FSK

EXCITING

A solid fortress for little knights and fair princesses.

SÜDWIND 500 FU

COSY

The three quarter bed saves space to the benefit of the rest of the floor plan.

BATH OPTION

SÜDWIND 460 EU

STYLISH

The elegant washstand with numerous storage options. And the SÜDWIND also boasts fine style: for example the high-end designer tap with a small waterfall.

THOUGHT THROUGH

Everything has its place. Because we make strict use of every corner so that you have more storage space.

SPACIOUS

And we have also made storage space for you under the washbasin. With an elegant base cupboard.

SÜDWIND 500 FU

SÜDWIND CARE

A BATHROOM MADE BY EXPERTS

To prevent your day starting on the wrong foot, we have also paid special attention to the bathroom. The large washstand and spacious cabinets are ready for all sorts of bathroom accessories.

FOR EVERY TASTE

The interior design largely determines the ambience in your new KNAUS caravan. And because everyone has their own personal taste, we have numerous options at your disposal. They are all high quality and perfectly finished, whilst the ACTIVE LINE also boasts impressive dirt-repellent fabric. As a result, the horror is soon taken out of any accident with red wine. And that is not just empty talk, we have actually tried it out ourselves.

OUR FABRICS ARE

- + Tested to Ökotex Standard 100
- + Antiallergic
- + Breathable
- + Gentle to the skin
- + Durable and easy to clean
- + Tested to a high colour fastness level

MORE POTENT THAN RED WINE

The active-line furniture fabric are a tough opponent. Thanks to the water- and oil-resistant coating, liquids do not immediately penetrate the fabric. A majority of the mishaps can easily be removed by using a moist cloth. You can be certain that we've tested this several times already. Even if those tests weren't always planned.
